### DEVELOPMENT FEES

PERMIT/PLAN CHECK	\$62,803	\$163,429	\$91,706	\$102,035
PUBLIC FACILITY	\$133,157	\$63,398	\$66,750	\$156,598
INFRASTRUCTURE	\$169,193	\$153,903	\$345,040	\$113,812
OTHER AGENCIES	\$191,037	\$107,100	\$127,197	\$127,197
UTILITY TAX	N/A	N/A	N/A	6.00%
ANNUAL TAX OVERRIDE	\$6,000 (1)	N/A	N/A	N/A
ASSESSMENTS - CAPITAL VALUE	CFD 2019-1 \$0.0531/psf of land (2)	N/A	N/A	CFD 99-02, EARBP = \$0.65/psf of land (3)
TOTAL ESTIMATED FEES (excluding Assessments, Mello Roos District & Annual Fees)	\$556,189	\$487,829	\$630,693	\$499,642
Capital Fees Per Square Foot of Land (4)	\$4.26	\$3.73	\$4.83	\$3.82
Assessment - Capital Value Per Square Foot of Land (5)	\$0.05	\$0.00	\$0.00	\$0.65
Total Fees Per Square Foot of Land	\$4.31	\$3.73	\$4.83	\$4.47
Capital Fees Per Square Foot of Building (6)	\$7.42	\$6.50	\$8.41	\$6.66

#### Footnotes:

- (1) This parcel is within the Lathrop-Manteca Fire District that has an annual tax override at \$0.08 psf of building. Paid annually with the San Joaquin County property tax bill.
- (2) Tri-Point Logistics Center is subject to Community Facilities District 2019-1, whereas the annual maximum tax capital equivalent is \$0.0531 per square foot of land.
- (3) Nor Cal Logistics is subject to Community Facilities District 99-02, whereas the annual max. tax capital equivalent is \$0.65 per square foot of land.
- (4) Capital Fees per Square foot of Land are calculated as follows: (Permits + Public Facility Fees + Infrastructure + Other Agencies) / Total Square Footage of Land.
- (5) Assessments-Capital Value per Square foot of Land are calculated as follows (unless otherwise noted): Assessments / Total Square Footage of Land.
- (6) Capital Fees Per Square Foot of Building are calculated as follows: (Permits + Public Facility Fees + Infrastructure + Other Agencies) / Total Square Footage of Building.

#### Additional Notes:

- (A) These projects may be subject to the San Joaquin Valley Air Pollution Control District's Indirect Source Review Fee. Please contact the SJVAPCD for more information at 559-230-6000.

The information provided is for the purpose of estimates only. Fees are subject to change based on actual building evaluation, project size, parcel and timing. This information has been prepared by the San Joaquin Partnership. Though the information contained herein has been obtained from reliable sources and is deemed accurate, the San Joaquin Partnership does not guarantee its accuracy and encourages you to complete your own analysis.

**Footnotes:**

- Public Facility Fee Reduction Program - The City of Stockton has reduced various public facility fees by 50%.
- \* The City of Stockton offers a fee deferral program. Qualified fees can be paid over either a five or ten year period at the 11th District Cost of Funds rate plus 1%. Qualified fees must exceed \$20,000 in order to participate in the fee deferral program.
- (a) Fee not reflected on City of Lodi or City of Stockton worksheets and has been taken into account.
  - (b) Lathrop/Manteca Fire District Fire Plan Check Fee & Fire Inspection Fee has not been calculated due to these fees being based upon the valuation of the suppression system and on a case-by-case basis.
  - (c) Fire Dept Plan Check Fee - Assumes 3 Hrs of Plan Checking & 1 Hr of Inspection.
  - (d) Strong Motion Instrument Program (SMIP) Fee - has been calculated at the Commercial/Industrial Structures Rate of \$0.00028 of valuation. Fee not reflected on City of Lathrop or City of Lodi worksheets.
  - (e) Green Compliance/Building Standards Fee (SB 1473) - has been calculated at \$1.00 per \$25,000, or portion thereof, in construction valuation. Fee not reflected on City of Lathrop or City of Lodi worksheets.
  - (f) Agricultural Mitigation Fee - was not reflected on City of Stockton worksheets. This has been calculated at the Non-Residential Warehouse Rate of \$10,494 per acre of net parcel and is based on the parcel size at the time the permit is issued. For greater than/equal to 40 acres, a conservation easement must be obtained at a 1:1 acreage ratio.
  - (g) Water Connection Fees for City of Lodi based on 2" domestic meter size and 1.5" irrigation meter size. City of Lodi worksheets inadvertently reflected a 1" irrigation meter size and did not include the cost of both meters. Corrections has been taken into account.
  - (h) Water Connection & Surface Water Fees for City of Manteca based on 2" domestic meter size and 1.5" irrigation meter size. City of Manteca worksheets inadvertently reflected a 1" irrigation meter size. Correction has been taken into account.
  - (i) Water Connection Fees for City of Stockton based on 2" domestic meter size at \$13,633 and 1.5" irrigation meter size at \$9,644. City of Stockton worksheets inadvertently reflect two 1-1/2" domestic meters based on 2017/2018 Fee Schedule rates. Fees have been recalculated based on 2019/2020 Fee Schedule.
  - (j) Water System Storage - has been calculated at \$468 per 1,000 sqft of building (Limited Industrial) for \$35,100 instead of (Warehouse) rate.
  - (k) Recycled Water Outfall - has been calculated on 2" domestic meter size (\$374) and 1.5" irrigation meter size (\$234).
  - (l) Delta Water Supply Fee for the City of Stockton based on 2" domestic meter size at \$28,258 and 1.5" irrigation meter size at \$21,206. City of Stockton worksheets inadvertently reflect two 1-1/2" domestic meters based on 2017/2018 Fee Schedule rates. Fees have been recalculated based on 2019/2020 Fee Schedule.
  - (m) Regional Transportation Impact Fee - Applicable countywide. It is collected by the local jurisdiction and managed by the San Joaquin Council of Governments. As of the date of this fee analysis, the warehouse/logistics fee is \$0.44 psf of building. In certain circumstances where as the land use has disproportionate building square footage with significant impact on the regional transportation network, the jurisdiction may choose an alternative fee calculation of \$150.67 per trip. City of Stockton worksheets inadvertently based this fee on 2018/2019 Fee Schedule. Fee has been recalculated based on 2019/2020 Fee Schedule.
  - (n) Habitat Conservation Fee - Parcel is located in Land Category B (Multi-Purpose), Pay Zone A calculated at \$6,700 per acre. Some parcels within the South Lathrop Commerce Center (SLCC) area are in Category C (Agriculture), Pay Zone B which would calculate at \$13,399 per acre depending on specific site location. Alternatively, in-lieu land may be purchased and endowment fees paid. For additional information contact Steve Mayo at the San Joaquin Council of Governments (209-235-0600).
  - (o) Habitat Conservation Fee - Parcel Land Category B (Multi-Purpose), Pay Zone A has been used to calculate this fee at \$6,700 per acre. This was not reflected on the City of Lodi Worksheet and has been taken into account. Alternatively, in-lieu land may be purchased and endowment fees paid. For additional information contact Steve Mayo at the San Joaquin Council of Governments (209-235-0600).
  - (p) Habitat Conservation Fee - Parcel is located in Land Category C (Agricultural), Pay Zone B calculated at \$13,399 per acre. This was not reflected on the City of Stockton Worksheet and has been taken into account. Alternatively, in-lieu land may be purchased and endowment fees paid. For additional information contact Steve Mayo at the San Joaquin Council of Governments (209-235-0600).

**San Joaquin Partnership**  
Development Fee Category Breakout

Prepared for: G. O'Leary  
75,000 sf Warehouse

- (q) School Fee - Calculated at \$0.61 per square foot. Not reflected on the City of Lodi or City of Stockton Worksheets. Inadvertently calculated at \$0.54 per square foot on City of Lathrop Worksheets.
- (r) Lathrop/Manteca Fire District Fire Facility Fee - has been calculated at \$0.53 per square foot (Includes 2% Admin Charge). City of Lathrop Worksheets inadvertently calculated at \$0.43 per square foot.
- (s) Mossdale Tract Regional Levee Impact Fee - has been calculated at \$14,729 per acre (Industrial) (Includes \$429 per acre Admin Charge).

The information provided is for the purpose of estimates only. Fees are subject to change based on actual building evaluation, project size, parcel and timing. This information has been prepared by the San Joaquin Partnership.
