### SJMSCP RESPONSE TO LOCAL JURISDICTION (RTLJ) ADVISORY AGENCY NOTICE TO SJCOG, Inc.

**To:** Daniel Kramer, Petralogix Engineering

**From:** Laurel Boyd, SJCOG, Inc.

**Date:** September 17, 2019

**-Local Jurisdiction Project Title:** City of Lodi's Police Training Facility Project

**Assessor Parcel Number(s):** 055-150-29

**Local Jurisdiction Project Number:** N/A

**Total Acres to be converted from Open Space Use:** Unknown

**Habitat Types to be Disturbed:** Agricultural Habitat Land – **Previously Mitigated (2018)**

**Species Impact Findings:** Findings to be determined by SJMSCP biologist.

---

Dear Mr. Kramer:

SJCOG, Inc. has reviewed the project referral for the City of Lodi's Police Training Facility Project. This project will provide the City of Lodi's Police Department with a police training facility/shooting range for long-term purposes. The Training Facility proposes to include a classroom training facility, short, medium, and long-range shooting ranges, a defensive driving training course, a detonation area and bunker, as well as a mobile restroom, storage containers, parking stalls, an emergency access lane, target berms, improvements to the existing gravel road, lighting for night time use of the facility, and site fencing with access through sliding gates. The proposed project is located west of Interstate 5 and south of State Route Highway 12, west of the City of Lodi (APN: 055-150-29).

The City of Lodi is a signatory to San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP). Participation in the SJMSCP satisfies requirements of both the state and federal endangered species acts, and ensures that the impacts are mitigated below a level of significance in compliance with the California Environmental Quality Act (CEQA). **The LOCAL JURISDICTION retains responsibility for ensuring that the appropriate Incidental Take Minimization Measure are properly implemented and monitored and that appropriate fees are paid in compliance with the SJMSCP.** Although participation in the SJMSCP is voluntary, Local Jurisdiction/Lead Agencies should be aware that if project applicants choose against participating in the SJMSCP, they will be required to provide alternative mitigation in an amount and kind equal to that provided in the SJMSCP.

***This Project is subject to the SJMSCP.*** This can be up to a 30 day process and it is recommended that the project applicant contact SJMSCP staff as early as possible. It is also recommended that the project applicant obtain an information package. <http://www.sjco.org>

Please contact SJMSCP staff regarding completing the following steps to satisfy SJMSCP requirements:

- Schedule a SJMSCP Biologist to perform a pre-construction survey ***prior to any ground disturbance***
- SJMSCP Incidental take Minimization Measures and mitigation requirement:
  1. Incidental Take Minimization Measures (ITMMs) will be issued to the project and must be signed by the project applicant prior to any ground disturbance but no later than six (6) months from receipt of the ITMMs. If ITMMs are not signed within six months, the applicant must reapply for SJMSCP Coverage. Upon receipt of signed ITMMs from project applicant, SJCOG, Inc. staff will sign the ITMMs. This is the effective date of the ITMMs.
  2. Under no circumstance shall ground disturbance occur without compliance and satisfaction of the ITMMs.
  3. Upon issuance of fully executed ITMMs and prior to any ground disturbance, the project applicant must:
    - a. Post a bond for payment of the applicable SJMSCP fee covering the entirety of the project acreage being covered (the bond should be valid for no longer than a 6 month period); or
    - b. Pay the appropriate SJMSCP fee for the entirety of the project acreage being covered; or
    - c. Dedicate land in-lieu of fees, either as conservation easements or fee title; or
    - d. Purchase approved mitigation bank credits.
  4. Within 6 months from the effective date of the ITMMs or issuance of a building permit, whichever occurs first, the project applicant must:

- a. Pay the appropriate SJMSCP for the entirety of the project acreage being covered; or
- b. Dedicate land in-lieu of fees, either as conservation easements or fee title; or
- c. Purchase approved mitigation bank credits.

Failure to satisfy the obligations of the mitigation fee shall subject the bond to be called.

- Receive your Certificate of Payment and release the required permit

*It should be noted that if this project has any potential impacts to waters of the United States [pursuant to Section 404 Clean Water Act], it would require the project to seek voluntary coverage through the unmapped process under the SJMSCP which could take up to 90 days. It may be prudent to obtain a preliminary wetlands map from a qualified consultant. If waters of the United States are confirmed on the project site, the Corps and the Regional Water Quality Control Board (RWQCB) would have regulatory authority over those mapped areas [pursuant to Section 404 and 401 of the Clean Water Act respectively] and permits would be required from each of these resource agencies prior to grading the project site.*

If you have any questions, please call (209) 235-0600.

### **SJMSCP HOLD**

**TO:** Local Jurisdiction: Community Development Department, Planning Department, Building Department, Engineering Department, Survey Department, Transportation Department,  
Other: \_\_\_\_\_

**FROM:** Laurel Boyd, SJCOG, Inc.

**DO NOT AUTHORIZE SITE DISTURBANCE  
DO NOT ISSUE A BUILDING PERMIT  
DO NOT ISSUE \_\_\_\_\_ FOR THIS PROJECT**

The landowner/developer for this site has requested coverage pursuant to the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP). In accordance with that agreement, the Applicant has agreed to:

- 1) SJMSCP Incidental Take Minimization Measures and mitigation requirement:
  1. Incidental Take Minimization Measures (ITMMs) will be issued to the project and must be signed by the project applicant prior to any ground disturbance but no later than six (6) months from receipt of the ITMMs. If ITMMs are not signed within six months, the applicant must reapply for SJMSCP Coverage. Upon receipt of signed ITMMs from project applicant, SJCOG, Inc. staff will sign the ITMMs. This is the effective date of the ITMMs.
  2. Under no circumstance shall ground disturbance occur without compliance and satisfaction of the ITMMs.
  3. Upon issuance of fully executed ITMMs and prior to any ground disturbance, the project applicant must:
    - a. Post a bond for payment of the applicable SJMSCP fee covering the entirety of the project acreage being covered (the bond should be valid for no longer than a 6 month period); or
    - b. Pay the appropriate SJMSCP fee for the entirety of the project acreage being covered; or
    - c. Dedicate land in-lieu of fees, either as conservation easements or fee title; or
    - d. Purchase approved mitigation bank credits.
  4. Within 6 months from the effective date of the ITMMs or issuance of a building permit, whichever occurs first, the project applicant must:
    - a. Pay the appropriate SJMSCP for the entirety of the project acreage being covered; or
    - b. Dedicate land in-lieu of fees, either as conservation easements or fee title; or
    - c. Purchase approved mitigation bank credits.

Failure to satisfy the obligations of the mitigation fee shall subject the bond to be called.
